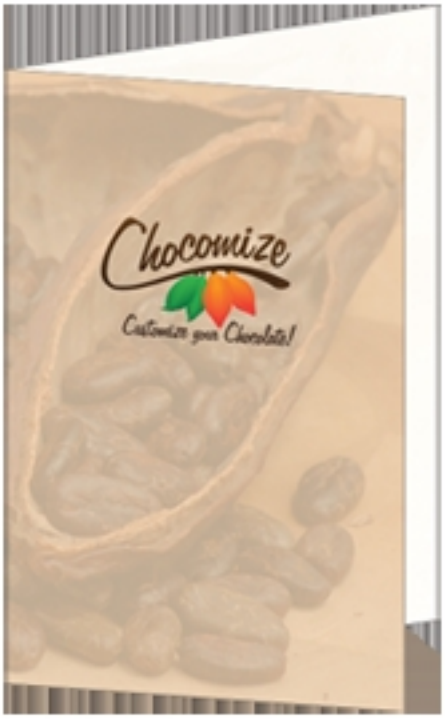
Personalized Greeting Cards

Posted On Apr 21, Posted by Hirerussians Category General



We've created a new way for you to personalize your chocolate bar, just in time for Mother's Day! Over the past couple of weeks we have created a bunch of new additions to our website, all of which aim towards you creating the perfect custom chocolate bar. We revamped our entire checkout system and created a 'name your bar feature' (check out the previous post to read about the top five names of the past couple of weeks.) We weren't satisfied with just adding that, however.

Chocomize is extremely popular for birthday chocolate bars and other chocolate gifts. We had gotten a lot of requests from you guys to create an option where you could write a personalized message. We always try to respond as quickly as possible to feedback we get from customers, and we've now added the 'personalized greeting card' option that is available at checkout.

Once you pick and design your perfect custom candy bar, there is an option in our checkout to create you very own greeting card. Write your very own message and send it to the person receiving your personalized chocolate bar!

If you are giving a gift for Mother's Day, make sure you get credit (my mom will probably get a hand written note…sorry to ruin the surprise mom) and design yourself a personalized greeting card.

Nick
